

Cambridge Knowledge Partnership

About the Programme

We at Cambridge are committed to BRINGING brighter thinking from around the world into the classroom. Dedicated to better learning, we work alongside educators and learners, providing teachers and students with accessible, inspirational learning resources. With this we continue to unlock the potential of children of this world and help them become better citizens.

Geared up to partner a success story, as the world's leading international education publisher provides educational resources, materials and services to teachers and learners.

Cambridge University Press in India assists many leading schools to benchmark and improve their teaching and learning pedagogy in accordance with global trends and standards. Together we aim to reach greater heights of accomplishments. Through our comprehensive and high-quality print, digital and online resources, we aim to enable thousands of learners to advance their learning, knowledge and abilities and to be successful in the exams and assessments they take.

In an ever-changing global educational environment, we look forward to innovate, inspire and lead the way in transforming education.

Partner with us today and take advantage of a host of benefits under the **Cambridge Knowledge Partnership Programme!**

Benefit to the Teachers

Education is really one of the best tools for social change, economic development and prosperity. And by imparting it, a teacher impacts not just the nation but also the world at large. With inventiveness and novelty, we aim to benefit the individuals who are instrumental in the nation's transformation.

- Innovative teaching pedagogy with effective teacher development programmes
- Continuous professional development/ training programmes
- Globally acclaimed prestigious

Benefit to the Students

A well-educated mind will always have more questions than answers and we intend to nurture curious minds with the right tools. With improved methodologies, so many spheres of life are positively affected.

So we have designed our pedagogy with the help of education experts. This helps us to define and illustrate the skills and knowledge students need to succeed in work, life and citizenship, as well as the support systems necessary for 21st century learning outcomes.

- Experience transformational learning as students participate in the 21st century learning skills workshop
- Engaging events like Exploring General Knowledge Quiz & Grammar Fun day
- Trophies and Certificates for the student of the year in English, Maths, Science and ICT

Benefits to Schools

The role of the school has changed today. From facing challenges like setting society-shaping policies to determining modern ethics, they have to cater to all this and much more. At Cambridge, we're passionate about the creation and impact of our knowledge and how, in partnership, we can apply this to real challenges.
